

January 30- February 1, 2024 | Chicago, IL

The Midwest Energy Efficiency Alliance (MEEA) in addition to this year's scholarship sponsor, ComEd, are proud to provide support for dedicated students to attend our annual Midwest Energy Solutions Conference.

The Midwest Energy Solutions Conference is the region's premier energy efficiency event, connecting decision makers and innovators from utilities, businesses, the public sector and non-profits. It is the Midwest's largest energy efficiency conference, allowing unique networking access to—and forward-thinking learning opportunities from—more than 500 of its most influential energy professionals.

MEEA is the Midwest's key proponent and resource for energy efficiency policy, helping to educate and advise a diverse range of stakeholders on ways to pursue a cost-effective, energy-efficient agenda. Through partnerships, programs and the Midwest Energy Solutions Conference, we curate a forward-thinking conversation to realize the economic and environmental benefits of energy efficiency.

Application Guidelines

Open to college-level students from MEEA's 13-state region, we invite students to apply for financial assistance to attend the Midwest Energy Solutions Conference. Scholarships will be awarded to undergraduates, advanced degree candidates and students working toward relevant certifications. Funding will be granted to cover the registration fee for the entire conference. Scholarship recipients will receive a complimentary registration.

Application forms are due by Friday, November 17, 2023. Please email your completed PDF to knicholson@mwalliance.org with "**MES 2024 Scholarship Application**" in the subject line.

Questions about the application process may also be directed to this email address.

Visit www.meeaconference.org for more information about our event.

MEEA evaluates application forms through an equal opportunity process, with unbiased reviewers chosen from our board of directors, MEEA members, and staff.
